EDUCATION

Kamla Nehru Institute Of Technology, Sultanpur — Sultanpur, UP
Bachelor of Technology in Computer Science and Engineering — *Jul 2024 – Jun 2027*
CGPA: 8.16

Govt. Polytechnic Baijpur Bhiti — Ambedkar Nagar
Diploma in Civil Engineering — *Jul 2021 – Jun 2024*
Percentage: 69.87

Adarsh Janta Inter College — Ambedkar Nagar
High School (10th) — *Jul 2020 – Jun 2021*
Percentage: 87.5

PROJECTS

Event Booking Web Application | GitHub — Jun 2026 – Jul 2026

- Built a full-stack application using **MongoDB, Express.js, React.js, and Node.js**.
- Developed **REST APIs** for event management and booking operations.
- Implemented input validation and error handling to ensure reliable user interaction.
- Designed a **responsive UI** and managed frontend-backend integration.
- Conducted testing and debugging to ensure a smooth user experience.
- **Technologies / Tools Used:** React.js, Node.js, Express.js, MongoDB

Blog Web Application using Appwrite | GitHub — Oct 2025 – Nov 2025

- Built a responsive blogging platform using React and Vite, managing global application state efficiently with Redux Toolkit.
- Integrated Appwrite to handle secure user authentication, database management, and protected routing.
- Implemented full **CRUD** functionality with a **Rich Text Editor (RTE)**, allowing authenticated users to create, edit, and publish articles.
- **Technologies / Tools Used:** React, Tailwind CSS

RELEVANT COURSEWORK

- Data Structures
- Operating Systems
- Object Oriented Programming
- Database Management
- Computer Networks

SKILLS

Databases: MySQL, MongoDB
Frameworks & Libraries: React.js, Node.js, Express.js, HTML, CSS, Tailwind CSS
Languages: Hindi, English
Programming Languages: Java, JavaScript, HTML, CSS, SQL
Soft Skills: Leadership, Communication, Problem Solving, Decision Making
Tools & Platforms: VS Code, IntelliJ IDEA, GitHub

AWARDS & ACHIEVEMENTS

- Demonstrated consistent problem-solving discipline and algorithmic thinking by solving **60 consecutive daily** DSA challenges.
- Solved 400+ programming problems on GeeksforGeeks across Basic, Easy, Medium, and Hard difficulty levels. Achieved a **Coding Score of 1407** and secured an **Institute Rank of 108**.
- Earned **LeetCode's 100 Days** Badge 2026 and DCC August 2026 badge by maintaining a 50+ day problem-solving streak and completing every daily challenge in April, reflecting strong coding
- Completed multiple hands-on web development bootcamps to independently bridge the gap between academic theory and practical application.consistency.
- Solved **30 SQL problems** from LeetCode's **SQL 50 Study Plan**, developing proficiency in SQL querying, joins, aggregation, and subqueries.

CERTIFICATIONS

Java | HackerRank | certificate

- Gained foundational knowledge in Java including variables, conditionals, loops, functions, and basic data structures.

SQL | HackerRank | certificate

- Demonstrated proficiency in writing SQL queries, filtering data, joins, and basic database operations.
